

This week in the Boarding House

Dear Parents and Pupils,

On Monday, pupils had an enjoyable evening learning about cloud formation and the marvels of water in Science. They all then met and fed our resident axolotl, which enjoyed both the company and the worms!!!

On Tuesday, we all tried making our own dream catchers from scratch. We used recyclable cardboard for the frames, wool, beads, and feathers. Thank you to the year 8 girls for assisting the youngest; they adored their dream catchers!

After a rainy Wednesday, we spent a relaxing afternoon in the boarding house watching films, playing Wii and hanging out in the games area. We cooked cheese and ham toasties for supper and ate some snacks before retiring to bed early!

On Thursday night, the borders experienced a peaceful night. This allowed borders to enjoy the communal spaces, where they could play games and watch films. For dinner, everyone ate sausage rolls, curly fries, beans, salad, and scones.

This is the first week of the new suppers, and overall response from the borders indicates that they love the later teatime. Having a bite around 5 o'clock is helping them get through. I have to say that curly fries have been the most popular. We still have a few modifications to do, but we are quite pleased with how the first week of the new trial has gone.

Any feedback from parents/pupils would be greatly appreciated.

Have an enjoyable weekend. See you on Monday.

Many thanks,
Mrs Warwick-Smith
House Parent

Next Week's Activities	
Monday	40/40 – Hide and Seek!
Tuesday	Movie Night
Wednesday	Harry Potter Sorting Hat Ceremony
Thursday	Swimming
